

Christina and Sarah,

July 11th 2009

What a day. I must say that I wanted to be a Wedding Planner before I met you BUT now after seeing what each of you do, I do not want to plan anyone's Wedding.

The gazebo, gardens, band, moonlight, chairs, lights and candles were ultimately perfect. You created the exact vision and made everything happen just as you said.

You both work very well together and kept everyone calm when I was 45 minutes late and MIA.

D&J-love as one!
