

Dear Christina,

April 5th 2008

Thank you so much for planning our wedding. This day was the most important day of our life and every detail that you planned was planned perfect. It's funny because my husband kept saying to me "we don't need to hire a Wedding Planner, we are planning our own wedding". I am so glad that I DIDN'T listen to him!!! We couldn't have asked for a better planner. Every time I looked around on my wedding day everything was perfect, everything was running smooth and you were always in my site.

Please stay in touch. When my bridesmaids are going to get married I will make sure they don't do anything until they call you. You rock!!!

Sincerely,

Mary & Luke Dutchesmen
