We are writing this letter to your company:

A Moment Like This Wedding Planners.

Your team of *Wedding Planners* pulled off an amazing event for us. We are so happy that we made to decision to hire your *Planners* instead of a different company. *Christina*, (our main contact) was fast, efficient and always had an answer for everything.... (*Christina* you know what I mean we I say that☺)

The wedding was beautiful and the cake was magnificent. Even though the cake fell over during transportation to the wedding the planners were able to get another cake, have it at the reception on time and none of us had any idea. Now that's incredible. By the way, thanks for telling me what happened; I will be dealing with that company.

We just can't thank you enough and we truly know that the day would not have gone the way we wanted if we didn't have all of you to plan our wedding and coordinate the day of.

Thank you *Christina*, *Cheryl* and *Natasha* of

A Moment Like This Wedding Planners.

P.S.

I will recommend your company to everyone that I know!!!
