Dear Christina and The Team of A Moment Like This Wedding Planners,

Thank you very much for all your effort and assistance during the preparation, event and following of our wedding - straight from beginning to end. You and your team did a fabulous job. We believe you went above and beyond to make our day special.

We had a storm, thunder and lightning on the boat, raining like crazy and at the hall no power. You kept people calm and made the most of a dismal situation. It was beautiful. The candelabras made the storm feel romantic. We had a fabulous time and worried about nothing knowing full well you were taking control. Everything went off without a hitch (at least it appeared that way to us).

The decorations that Paulette made were beautiful. It made the hall so sophisticated and elegant. It truly was a fairy tale wedding, everything that I've ever dreamed.

You helped us find the best vendors and saved us twice with the bartender and DJ we had chosen by pulling in favors. Your professionalism was outstanding.

We thank you and your team immensely. If we were to do it all again we won't change a thing!!

Yours Sincerely

Kathryn & Marcus Walker
(Love the way that sounds)
